

Red Drill

Start with a player at each infield position, except pitcher

- 1st baseman
- 2nd baseman
- 3rd baseman
- Shortstop
- Catcher
- All other players make a line behind the shortstop

Coach hits ground ball to SS to start off

- SS throws to 1st base
- 1st baseman throws to 2nd baseman covering 2nd base
- 2nd baseman throws to 3rd baseman covering 3rd base
- 3rd baseman throws to Cather at home plate. The 3rd baseman follows their throw and the catcher rolls a ball out to them. Throw it back to the catcher.

Wherever the kids throw, they now become that position. Catcher goes to back of the line at Shortstop.

*younger kids may have to move to the infield grass, so they can make the throw.

*you could also have the line start at any base
